**CLUB NEWS**

- ☞ **Goodbye...** Matt Bollman has found it necessary to resign from the Club. We wish Matt well and will miss him.
- ☞ **Social Events...** Wayne struck out (pun intended) on scheduling a night at the Iowa Cubs on a recent weekend. There's still enough member interest so he will be selecting a few weeknights that might work for the group. Stay tuned for said dates.  
  
 Wayne also mentioned a Sunday afternoon at the Summerset Winery near Indianola. Sunday Tunes brings in music from 3:00 - 6:00 p.m. Bring your own food but no outside alcoholic beverages are allowed. \$3.00 per person. Wayne will come up with a few times and we'll try to get a group together.

**PROGRAM**

Kyle Rohlk made his first presentation to BCI. He is the General Manager of Grimes Asphalt and has been with the company for 15 years.

Grimes Asphalt is a full-service paving company with a variety of projects in the private and public sectors. Asphalt is 100% recyclable and is one of the most recycled products in the world. They use recycled asphalt in their mixes and produce zero waste from their plants. Safety is also a huge concern and they have a spotless injury record.

In 2009 Grimes Asphalt became part of The Rasmussen Group of companies. Twelve companies make up the billion-dollar company that has been "Building America since 1912." All the companies compliment and do business with the others. The other companies in the group provide services such as concrete supply, heavy machinery hauling, dump trucks, gearbox manufacture and repair, construction, heavy lift cranes, and more.

Thanks, Kyle, for a most informative program - with promotional items.
